

Talents for tomorrow - International programme

**We are the world leader in gases, technologies and services for Industry and Health
Being present in 80 countries with approximately 65000 employees we serve more than 3 million
customers and patients.**

**We are waiting for you - to give you an opportunity to develop in multinational company, not only
locally. Take a chance and go to one of our global locations to see how we do it!
During first 2 years at the company in Poland, you will go for two, 3 months-long projects abroad.**

Your profile:

- **Open for different work locations across Poland and globally as well**
- **Have global mindset, ready to develop in different business functions**
- **Fresh graduate or junior professional with limited work experience**
- **Available to work 40 hours per week**
- **Excellent English**
- **Potential for leadership positions (managerial or technical)**
- **Drive and ambition to challenge the status quo and drive change in the organisation**

**“The ALLEX Program gave me first-hand experience of business realities. After that,
I knew exactly what I wanted to do: a mix of in-plant operational and project management responsibilities.”**

Diane Ho , Zone Engineer with project management responsibility for the Gulf Coast Pipeline in Pasadena, Texas
